LinkedIn: [/vollmer](#) | Website: <https://lauradeveloper.com/>

SUMMARY

Innovative software developer with a passion for solving complex problems. A results-driven professional with successful completion of a formal full-stack web development coding boot camp with over 6 years of work experience. Proven ability to consistently produce clean, concise code, adhering to industry standards and best practices. A tech enthusiast with a demonstrated commitment to continuous growth and learning evidenced by completion of a doctorate, and over a 700-day streak on Duolingo learning the Spanish language. Strong commitment to completing timely tasks and taking ownership of end-to-end product delivery while working in a dynamic, team-oriented environment. I prioritize exceptional communication, collaboration, organization, time management, and continuous improvement, which are essential qualities for achieving successful outcomes in any project.

TECHNICAL SKILLS

JavaScript, HTML, CSS, Agile project management, Microsoft Office Suite, Chrome Developer Tools, Object Oriented Programming, client-side web development, React.js, RESTful JSON APIs, Express, Git, GitHub, MySQL, MVC Framework, Git Version Control Tailwind CSS, Vite, jQuery, Bootstrap, Chakra UI, Sequelize, MongoDB, Node.js, MERN Stack, POSTMAN, Heroku, and Netlify deployment, project management methodologies, backend and frontend development, understanding of software development lifecycle, remote work experience

PROJECTS

Portfolio Website | github.com/lavollmer/portfolio-website | lauradeveloper.com

- **Summary:** Executed end-to-end project responsibilities, including coding, debugging, website design, and domain acquisition for a visually appealing, intuitive, and functional portfolio website
- **Skills:** JavaScript, React.js, CSS, HTML5, Tailwind CSS, Coolers, Vite, React-Type-Animation

Giftify Website | github.com/lavollmer/gift-guide | <https://bit.ly/41TGgTn>

- **Summary:** A collaborative group project to create a gift guide website through which I contributed skills in project management, MVC Models, Chakra UI implementation, MERN Stack, and MongoDB
- **Skills:** JavaScript, React.js, CSS, HTML5, MVC Structure, MERN Stack, Chakra UI, Heroku

Robot Murder Mystery | github.com/lavollmer/robot-murder-mystery | <https://bit.ly/3RWSqpR>

- **Summary:** A group project to create a robot murder mystery dystopian guess-who game through collaborative game design, pull requests, code review, and pair programming
- **Skills:** JavaScript, HTML5, CSS, JQUERY, Bootstrap, Mockaroo for API random generation, DALL-E, QTIP Speech Bubbles, Robohash API Call, Lighthouse Report

PROFESSIONAL EDUCATION

Full Stack Web Development Coding Bootcamp Certificate: University of Minnesota **2023**

Remote (USA): A 12-week intensive full-time program focused on technical programming skills including 4-5 hours in-class time, plus additional hours for homework and group projects

Masters of Business Administration (MBA): New England College **2019**

Remote (USA): Concentration in Healthcare Informatics

Doctorate of Pharmacy: Drake University **2015**

Des Moines, Iowa (IA): Dean's List 2009 – 2015

WORK EXPERIENCE

Floral Designer

2022 – 2023

Linsk Flowers - St. Louis Park, MN

- Effectively communicated with a diverse customer base of over a thousand individuals through various channels with a commitment to providing exceptional customer service and high-quality products
- Entered customer data for industry-specific software with exceptional accuracy, including documentation and troubleshooting of software issues, ensuring information for over five hundred customers
- Showcased visually appealing design proficiency by collaborating, employing critical thinking, and leveraging technical skills to publish 400+ high-quality floral designs, behind-the-scenes content, and shop-related social media posts

Clinical Content Manager

2020 – 2021

Health Catalyst - Remote (USA)

- Demonstrated a strong work ethic mindset by methodically monitoring monthly changes in over 1,000 medication profiles and providing accurate recommendations and documentation for software
- Applied collaborative and critical thinking skills to demonstrate strong research and drug information expertise, ensuring accurate, evidence-based, and high-quality content for diverse audiences
- Effectively collaborated with a team of over twenty interdisciplinary members, including software developers, customer success managers, technical support managers, physicians, and sales representatives

Fact-Checker

2019 – 2020

Verywell Health, DotDash Meredith Corporation – Remote, United States (US)

- Ensured accuracy, scientific citation adherence, and suitability for all audiences by reviewing and revising over one thousand online articles
- Met all timely deadline requirements for the return of revised articles for quality, review, and publication
- Documented hundreds of citation corrections to articles with quality assurance, and content integrity

Clinical Pharmacy Specialist – Medication Use

2017 – 2019

Spectrum Health-System – Grand Rapids, MI

- Developed, wrote, and implemented multiple policies, procedures, and best practices to optimize medication management quality within the health system and associated hospitals
- Ensured compliance with external regulatory agencies, state laws, and patient care maintenance and prescription management regulations
- Educated and mentored 100+ second-year medical, 24 fourth-year pharmacy students, 60+ staff members, and 10 pharmacy interns through rotations, clinical topic discussions, and medical literature journal clubs

Post Graduate Year (PGY) – 2 Health-System Pharmacy Administration Residency

2016 – 2017

Allina Health – Minneapolis, MN

- Completed 12-month-long clinical and operational rotations focused on medication safety, project management, informatics, human resources/people management, and leadership
- Performed manager-on-call responsibilities for the pharmacy department every fifth week, serving as the primary point of contact for emergencies, policy questions, purchasing, and operational functions 24/7
- Co-led the Medication Safety Committee for Abbott Northwestern Hospital focused on patient safety, writing policies, and reviewing root cause analysis cases ad hoc to ensure excellent patient care

ASHP Accredited Post Graduate Year (PGY) – 1 Pharmacy Practice Residency

2015 – 2016

University of Minnesota Medical Center – Minneapolis, MN

- Completed 12-month-long clinical and operational rotations, enhancing clinical and pharmacy operations knowledge
- Led one informatics-driven yearlong major project and cost-saving initiative, resulting in significant improvements in clinical and operational aspects of the healthcare system
- Developed and delivered one Pharmacy Grand Rounds presentation, utilizing scientific literature studies to educate and inform medical interdisciplinary audiences
